

Premium Car Rinse Aid

Formulation No.: INHC-25-003**Description:** Formulated with **Arquad® 2C-75** for enhanced drying and minimized streaking.

Arquad® 2C-75 is a natural vegetable-based water-soluble surfactant developed as an interfacial tension modifier and drying aid specifically for car care. This optimized formulation provides fast vehicle drying by rapidly beading water from the vehicle surface, which can be blown free of the vehicle surface in the dryer.

Formula:

Trade Name	Chemical Name	% w/w	Supplier
Deionized Water	Water (Aqua)	Ad 100	Local
Arquad® 2C-75	Dicocoalkyldimethylammonium chloride	18.00	Nouryon
Ethomeen® C/15	Coco amine ethoxylate	4.00	Nouryon
Berol® 266	Alcohol Ethoxylate	10.00	Nouryon
Butoxy Propanol (PnB)	Butoxy Propanol	7.00	Local
LLPO	Light Mineral Oil	12.00	Local
Total:		100.00	

Formulation Steps:

1. Charge Arquad 2C 75 and Ethomeen C/15 into a suitable vessel with mixing capabilities. Mix till clear.
2. Add Berol 266, LLPO and PnB stepwise, mixing until homogeneous before adding the next ingredient.
3. Add water and mix till clear.
4. Store in clean containers free of contamination.

Use Instructions:

1% dilution with normal water and application by spray.

The information given and the recommendations made herein are based on our research and are believed to be accurate but no guarantee of their accuracy is made. In every case we urge and recommend that purchasers before using any product in full scale production make their own tests to determine to their own satisfaction whether the product is of acceptable quality and is suitable for their particular purposes under their own operating conditions. The results of toxicity testing of the polymers used in the formulations are found in the respective technical literature, the safety of the formulation has not been established by testing. The suitability of the final formulation should be confirmed in all respects by appropriate evaluation. No representative of ours has any authority to waive or change the foregoing provisions but, subject to such provisions, our engineers are available to assist purchasers in adapting our products to their needs and to the circumstances prevailing in their business. Nothing contained herein shall be construed to imply the nonexistence of any relevant patents or to constitute a permission, inducement or recommendation to practice any invention covered by any patent, without the authority from the owner of this patent.

We also expect purchasers to use our products in accordance with the guiding principles of the Chemical Manufacturers Association's Responsible Care® program.
